MajorDomoReinventing the art of storage Precious wood, pures lines, luxurious details ...: the MajorDomo hangers and coat racks reconnect with a certain idea of the art of living. Daily object, the hanger becomes a fullart design object and exposes itself.

Shaped by the craftsman's hand in a solid and durable ash wood,MajorDomo is available in natural wood or painted in white, black, amaranth red or in two colors for a touch of originality.The discrete 24-carat gold-plated elements, which connect the two movable parts of the hanger, contrast elegantly with the simplicity of the wood.A high-end artisan product combining Italian know-how and Swiss precision With its soft lines, the hanger was specially designed to hang the clothes easily, without risk of damaging the fabrics. Equipped with hooks, it can easily be fixed to the walls of the room or the bathroom in a few minutes.

MajorDomo is also available in a luxury 24k gold plated version (Deluxe collection).The MajorDomo collection MajorDomo is available in four versions and seven colors.CASANOVATwo hangers and a trousers hangerMajordomo, like a maitre, becomes a plain yet indispensable presence.The Casanova set offers elegance and comfort in every room of the house at any time of the day.Along with the functionality of the wall hanger there is the trousers hanger which, thanks to his particular closure, can be used to hang trousers and skirts.I the bedroom, as a support for the clothes. If put in the bathroom, they hang clothes, towels and

bathrobes.RIALTOWall hangersJust like the famous Rialto bridge on the Grand Canal in Venice, these wall hangers stand out for their elegant design, harmonious proportions and refined details.With their variety of colours, the hangers can easily be put in every type of furnishings; the shades' combination is the creative expression of the most noble moods.The Rialto wall hangers can be placed in the hall, to immediately seize your guests' eyes, or in the bedroom, as a support for the clothes. If put in the bathroom, they hang clothes, towels and bathrobes.POLOTravel hangers with perfect designA classy traveller always needs to have accessories that measure up with his destinations.In this Majordomo's line the careful choice of the materials matches with the functionality of the moving parts, which allow the hanger to be closed.Put in the luggage, Polo finds its place among the clothes.Placed inside a walk-in closet, it becomes a perfect space-saving solution. Found in the wardrobe, it's a pleasant surprise for your guest.Some peculiar travel hangers are made with cedar wood, a variety of wood that is highly valued for its gradually released aroma: the clothes and the wardrobe will be permeated by a pleasant freshness. PALLADIO Decorative wall panels, a combo of two hangers and 2 x 3 vertical wooden panels of 60x30 cm equipped with their own adapters.An excellent product cannot be separated from its support.The Palladio wooden panels are carefully engraved with thin and precise lines, that harmoniously accompany the natural grain of the material.The panels are a support for the hangers, but not only: the panels have such a careful design and refined details that they can be usedas wainscoting, as a wall decoration or as an element of furnishing.Eco-friendly hangers Certified FSC, wood comes from responsibly managed forests. The paints used are lead-free. The hangers are shipped in recycled packaging. To avoid the waste of paper, Fabrica sends by email the assembly instructions.
