SafetyCulture's mobile-first operations platform leverages the power of human observation to identify issues and opportunities for businesses to improve every day. More than 70,000 organisations use SafetyCulture to perform checks, train staff, report issues, automate tasks and communicate fluidly. SafetyCulture also powers over 1 billion checks per year, approximately 70,000 lessons per day and millions of corrective actions, giving leaders visibility and workers a voice in driving safety, quality and efficiency improvements.
