Space Landscape Designs, based on Sydney's Northern Beaches, has built a reputation as the landscape architects that Sydney property owners look to for elegant, creative, high-end designs. Our work ranges from courtyards, swimming pools, cabanas, and pergolas in residential homes to strata, commercial property landscape design in Sydney, and new developments. We have the planning skills and resources to cater to projects of all sizes and types, from private homes to multi-residential and commercial developments. Many of our garden designs include swimming pools, for which we have a particularly strong reputation. We excel in swimming pool landscaping and pool landscaping, turning backyards into dynamic, visually stunning areas for you to enjoy.Website:
